

Ashraellen 12-Month Budget 2026

Budget for a multilingual literary, artistic-research and media-production platform

Prepared: 2026-06-08

1. Recommended request

The recommended working request is 65,000 € for one year. This covers living support, digital production tools, multilingual voice production, equipment, internet and backup infrastructure, website/publication work, and an accounting/tax/admin reserve.

Scenario	Amount	Use
Minimal year	55 000 €	Lean continuation and basic production; use when fund ceiling is lower.
Realistic year	65 000 €	Primary grant request for full 12-month stabilised work.
Strong year	70 000 €	Safer production year with stronger technical and administrative reserve.

2. Realistic budget summary

Category	EUR / year	Notes
Living support	24 000 €	Minimum stable living support to reduce dependence on taxi/Uber work.
Digital tools and AI production	17 004 €	AI voice, video generation/storage, ChatGPT/Codex, editing, SEO and technical tools.
Video template/render infrastructure	600 €	Remotion template reserve, local/occasional render tests and package needs.
Equipment / workstation setup	6 000 €	Laptop, ultrawide monitor, external SSD, hub/peripherals and contingency.
Internet, backup and technical reserve	2 000 €	Travel internet, mobile backup and storage reserve.
Website, domains, admin and publication support	3 000 €	Site upkeep, documents, publication preparation and institutional materials.
Accounting, tax and administrative reserve	12 396 €	Reserve for Polish tax/accounting/admin uncertainty depending on grant structure.
TOTAL	65 000 €	Recommended grant request

3. Production assumptions

The budget is based on the project moving from manual editing to a repeatable media-production system: ElevenLabs for voice, Remotion for template-based video assembly, and Codex/ChatGPT for code-assisted template and site development.

Item	Calculation	Monthly minutes
Long-form videos	14 videos × 15 min × 9 languages	1,890
Daily Saint Whine Shorts - EN only	30 Shorts × 1 min × 1 language	30
Daily Saint Whine Shorts - 9 languages	30 Shorts × 1 min × 9 languages	270
Recommended voice capacity	Long-form + Shorts + approx. 15% regeneration/testing buffer	2,200-2,500+

Conclusion: ElevenLabs Scale (~1,800 minutes/month) is not sufficient for the full target rhythm. Business-level capacity (~6,000 minutes/month) is the safer production basis.

4. Detailed realistic budget

Line item	Annual EUR	Basis
Author living support	24 000 €	2,000 EUR/month × 12 — Minimum stable living support to reduce dependence on taxi/Uber work.
ElevenLabs Business / multilingual voice production	11 040 €	Approx. \$990/month; 6M credits and ~6,000 TTS minutes/month — Needed for long-form videos, Shorts, multilingual versions, re-generation and voice consistency.
Google AI Ultra / video generation and cloud storage	2 400 €	Approx. 200 EUR/month; includes high-capacity AI access and 20 TB storage — For Flow/Veo-style generation, large media storage and project asset management.
ChatGPT / Codex-assisted writing, coding and project development	2 280 €	Approx. Pro-level AI work support — For site development, Remotion templates, editorial work, translations and project planning.
CapCut / editing support	144 €	Approx. 12 EUR/month — Secondary editing and subtitles; may be reduced once Remotion workflow matures.
SEO / YouTube analytics tools	120 €	Approx. 10 EUR/month — Tags, metadata, trend checking and channel optimisation.
Coding, render and technical service reserve	1 020 €	Approx. 85 EUR/month — Reserve for GitHub-related services, render testing, hosting add-ons or small dev tools.
Remotion template-based video production reserve	600 €	50 EUR/month reserve; Remotion itself is free for individual/small-company use — For reusable video templates, local/occasional cloud rendering, testing and package needs.
17-inch+ high-performance laptop for editing and production	3 700 €	One-time equipment purchase — Portable workstation for video editing, AI assets, site development and travel work.
Ultrawide curved external monitor	900 €	One-time equipment purchase — Needed for editing timeline, multilingual assets, website and document work.
External SSD and backup storage	450 €	One-time purchase — Redundant storage for video/audio source files and book/project archives.
Hub, peripherals, cables, protective accessories	350 €	One-time purchase — Basic reliable workstation setup without immediate dock-station requirement.
Equipment contingency	600 €	One-time reserve — Covers price changes, replacements or unexpected accessories.
Travel internet / Starlink-style independent connection	1 200 €	Approx. 100 EUR/month — Keeps production independent while travelling or moving.
Mobile backup data and connectivity	600 €	Approx. 50 EUR/month — Backup connection for uploads, calls, applications and publishing.
Additional backup/storage reserve	200 €	One-time annual reserve — Extra drives, cloud top-ups or recovery needs.
Website, domains, hosting and maintenance	300 €	Annual estimate — Domain, small hosting/admin costs and site reliability.
Website/admin tools and documentation	300 €	Annual estimate — PDF updates, documentation, repository/site maintenance.
Book/publication preparation costs	900 €	Annual estimate — File prep, covers/assets, publication platform needs, small editorial outputs.

Line item	Annual EUR	Basis
Project communication and institutional materials	1 500 €	Annual estimate — Professional dossier updates, proposal materials, outreach and translations under author's control.
Accounting, tax and administrative reserve	12 396 €	Balancing reserve to reach 65,000 EUR — Reserve for taxes, accounting, legal/admin uncertainty and grant-receipt structure in Poland.
Total	65 000 €	Realistic 12-month grant request

5. Sources and notes

Source	URL	Budget relevance
ElevenLabs pricing	https://elevenlabs.io/pricing	Business: \$990/month, 6M credits, ~6,000 TTS minutes. Scale: \$299/month, 1.8M credits, ~1,800 minutes. Budget assumes Business-level voice production for full multilingual output.
Remotion license	https://www.remotion.dev/license	Individuals and small companies may use Remotion for free; company license applies to larger for-profit organizations. No subscription line; 600 EUR annual reserve for render/testing infrastructure.
Google AI plans	https://one.google.com/about/google-ai-plans/	Google AI Ultra includes AI access and cloud storage starting at 20 TB. Budget estimate: 200 EUR/month for AI generation and storage.
ChatGPT pricing	https://openai.com/chatgpt/pricing/	Plus/Pro plans include features useful for coding, data analysis, file work and project development. Budget estimate: 190 EUR/month for advanced AI-assisted writing/coding/project development.
Project production assumption	Internal Ashraellen planning	14 long-form videos/month × 15 minutes × 9 languages = 1,890 voice minutes/month; plus daily Saint Whine Shorts. Requires Business-level voice capacity or equivalent.

All third-party service prices should be checked again immediately before a grant submission, because subscription terms and exchange rates may change. This budget uses EUR estimates for planning clarity.
